Why We Exist

SPIN Global is a public benefit corporation that exists to disrupt disasters from neighborhoods to nations. We are motivated by compassion to reduce physical, social and economic suffering caused by disasters.

Our Approach

Stategic Planning. We provide our clients comprehensive expertise, guidance and decision support solutions.

Partnerships. We prioritize inclusion of private and public sectors, and traditionally underrepresented groups.

Innovation for Impact. We combine operations, research and technology with science, data and “last mile” user needs.

Neighborhoods and Nations. Our solutions are sensitized to reflect the operating environment at any scale.

Featured Capabilities

Data-driven assessments before, during and after disasters

Institutional capacity building and regional security cooperation

Strategic management, scientific and technical consulting

Rapid response and recovery support

Universal risk reduction, resilience and emergency management services

Planning, training and exercises for all hazards and incident types

Teach and prepare neighborhoods and nations using our “Planet Ready” platform

What Makes Us Different

We are compassionate people working together for a higher purpose, seeking to create value for clients and humanity with a spirit of excellence. As a public benefit corporation, we are committed to stewardship of people, planet and profit. Every time that we are hired, we donate cash to local charities and provide pro-bono services to improve individual and community resilience and readiness in our clients' back yard.
